- Friends Program
  Because this has been an expensive summer with very difficult projects, we have had little time to keep up with our administrative tasks. In lieu of a special mailing, we hope you will please consider the note on back for membership dues.
Dear Friend,

We would greatly appreciate your consideration in continuing your membership in support of the Colorado Trail and its mission. Without people such as yourself and others in our "Friends" program, we would not have the funding to continue our vision of bringing together the forces that make the Colorado Trail an educational and recreational reality.

Your donations are used to by food, tools and equipment for the crews, as well as the many administrative expenses to keep our effort on track. Much work remains to be done in the planning and upkeep of our beautiful and beloved trail. We appreciate your past support, and sincerely hope that you will continue to participate in the future of the Colorado Trail.
